Your letter of October 13.  
Dear Chauncy -

I am shocked to realize that 2 months have gone by; and I apologize especially for not acknowledging what I am on it.

But I have been mulling over your idea of a workshop, perhaps been too much preoccupied with uncertainties about the next steps.

If the matter is not already moot, please let me call you "next year"; and I hope I will have some better ideas meanwhile.

Best wishes  
Jim.
